

"For the ultimate whitetail deer hunting experience in Licking County, Ohio."

Welcome to W and W Outfitters - Ohio Whitetail Deer HuntsOhio Whitetail Deer Outfitters!

Whether you live to hunt or hunt to live, W and W Outfitters understands this passion and is completely committed to fulfilling your desire for the perfect hunt. With at least fifty combined years of hunting experience in the Central Ohio area, our staff can guide you to prime locations on over 1000 acres of farmland and woodland.

Specializing in whitetail deer, our guides will assist the avid hunter or the cautious beginner as you ambush and take a mountable deer. Offering outings during bow, gun and muzzleloading season, W and W can accommodate a single hunter as well as small groups.

W and W now offers two distinct kinds of hunts at two different locations. Our Belmont County location, east of Cambridge, Ohio, consists of a more rugged and rolling hill terrain promoting more of a challenge.

We also offer a flat terrain/wooded hunt primarily on wooded lots and fence rows. This is located in Licking County, Johnstown, Ohio. This type of hunt is ideally easier with more predictable deer hunting.

We are dedicated to not only providing a successful hunt, but also to furnishing educated and knowledgeable guides who know the regulations and the tricks of the trade. Our guides are also skilled and competent outdoorsmen with many years of personal experience.

If you live to hunt, W and W Outfitters is your hunting destination!
